

Training classes in Bethesda

**DOG
LATIN**
DOG TRAINING &
BEHAVIOR CONSULTING

Puppy or adult dog, we've got you covered

Dog Latin holds classes throughout the year at two Bethesda, Md., locations — Kenwood Animal Hospital and Bone Jour.

Puppy Prep classes are for dogs 5 months of age and younger. Pup parents learn best practices and how to set their pups up for success. Pups learn cues and play with classmates.

Training on the FLI (focus, leash skills and impulse control) and other classes are geared for dogs above 5 months of age through adulthood. FLI is a fun, fast-paced class for dogs that has handlers thinking and practicing in real time around distractions. We help you strengthen skills through games that you can put to use in everyday situations.

We frequently enhance our class line-up. Please go to doglatindogtraining.com for more details.
